This Proxy Statement and the enclosed proxy card are being mailed on behalf of our Board of Directors on or about April 15, 2024, to all of our stockholders of record as of the close of business on the record date, March 25, 2024 (the “Record Date”).

Your presence at the Annual Meeting will not automatically revoke your proxy. You may, however, revoke your proxy at any time prior to its exercise by delivering to us another proxy bearing a later date, by attending the Annual Meeting and voting in person, or by filing a written notice of revocation before the Annual Meeting with Richard S. Binstein, our Executive Vice President, General Counsel and Secretary, at our principal executive offices located at 1300 West Sam Houston Parkway South, Suite 300, Houston, Texas 77042. If you receive multiple proxy cards, this indicates that your shares are held in more than one account, such as two brokerage accounts, or are registered in different names. You should vote each of the proxy cards received to ensure that all of your shares are voted.

Important Notice Regarding the Availability of Proxy Materials

We have elected to provide access to our proxy materials both by sending you this full set of proxy materials, including a Notice of 2024 Annual Meeting of Stockholders, proxy card and Annual Report for the year ended December 31, 2023, and by notifying you of the availability of our proxy materials on the Internet. **The Notice of 2023 Annual Meeting of Stockholders, this Proxy Statement, proxy card and Annual Report on Form 10-K for the year ended December 31, 2023 (the “Form 10-K”) are available at <http://materials.proxyvote.com/90337L>.** The materials on the website are searchable, readable and printable and the website does not have “cookies” or other tracking devices which identify visitors.

Your Vote is Important

Proposals To Be Voted On and the Board’s Voting Recommendations

The following three proposals are scheduled to be voted on at the Annual Meeting:

- 1) Election of seven director nominees.
- 2) Advisory vote to approve named executive officer compensation.
- 3) Ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm for the year ending December 31, 2024.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE IN FAVOR OF: THE ELECTION OF EACH OF THE SEVEN NOMINEES FOR DIRECTOR, THE NON-BINDING ADVISORY VOTE OF THE

NAMED EXECUTIVE OFFICER COMPENSATION, AND THE RATIFICATION OF THE APPOINTMENT OF GRANT THORNTON LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2024.

Who Can Vote

All holders of record of our common stock at the close of business on March 25, 2024, are entitled to vote at the Annual Meeting. Holders of our common stock are entitled to one vote per share.

Proxies

Properly executed but unmarked proxies will be voted FOR the election of our seven director nominees, FOR the non-binding advisory vote of named executive officer compensation, and FOR the ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm for the year ending December 31, 2024. If you “withhold” your vote for any of the director nominees, this will be counted as a vote **AGAINST** that nominee. If any other matters are properly brought before the Annual Meeting, the persons named in the proxy card will vote your shares as directed by a majority of the Board of Directors.

Quorum

Only shares of our common stock can be voted, with each share entitling its owner to one vote on all matters that come before the Annual Meeting. The close of business on March 25, 2024, was fixed by the Board of Directors as the Record Date for determination of stockholders entitled to vote at the Annual Meeting. The number of shares of our common stock issued and outstanding on the Record Date was 15,068,085. The presence, in person or by proxy, of at least a majority of the shares issued outstanding on the Record Date is necessary to constitute a quorum at our Annual Meeting. Abstentions will be treated as present for determining a quorum at the Annual Meeting. If a broker holding your shares in “street” name indicates to us on a proxy card that the broker lacks discretionary authority to vote your shares for all matters at the meeting, we will not consider your shares as present or entitled to vote for any purpose. There is no cumulative voting in the election of directors and, as required by Nevada law, the directors will be elected by a plurality of the votes cast at the Annual Meeting, subject to the requirements of the Company’s Corporate Governance Guidelines regarding the need to receive more “For” votes than “Withhold” votes, as discussed in more detail below.

Cost of Proxy Solicitation

We will bear the cost of soliciting proxies. Some of our directors, officers and regular employees may solicit proxies, without additional compensation, personally or by telephone. Proxy materials will also be furnished without cost to brokers and other nominees to forward to the beneficial owners of shares held in their names.

Under current regulations, a broker is prohibited from voting for directors without receiving instructions from you. As required by Nevada law, nominees will be elected by a plurality of the votes cast at the Annual Meeting. Abstentions and broker non-votes will not be treated as a vote for or against any particular nominee and will not affect the outcome of the election of directors. However, pursuant to the Company's Corporate Governance Guidelines, in any uncontested election of directors, a nominee who receives more "withhold" votes than FOR votes shall tender his or her resignation to the Board. The Governance and Nominating Committee of the Board of Directors will promptly accept such resignation unless there are, in its opinion, highly

unusual or mitigating circumstances, in which case the Governance and Nominating Committee may, by unanimous vote of its disinterested members, recommend to the Board to reject the tendered resignation, and the Board will promptly act on, without being bound to accept, that recommendation.

All of the nominees have consented to serve as directors. Our Board has no reason to believe that any of the nominees will be unable to act as a director. However, if any director is unable to serve, the Board may designate a substitute. If a substitute nominee is named, the persons named on the proxy card will vote FOR the election of the substitute nominee.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE ELECTION OF THE SEVEN NOMINEES FOR DIRECTOR NAMED IN THIS PROXY STATEMENT.

CORPORATE GOVERNANCE AND BOARD MATTERS

Board Leadership Structure

Our Board currently is led by an independent Chairman and currently includes six other independent directors. Mr. Kuntz, our Chairman, will continue to serve as Chairman of the Board of Directors through the date of the 2024 Annual Meeting. Mr. Kuntz is retiring from his director role with the Company as of the Annual Meeting, and therefore is not standing for re-election.

The Board of Directors has determined that it is in the Company's best interest to appoint Mr. Reading, our Chief Executive Officer since 2004 and a member of our Board of Directors, as Chairman of the Board of Directors, effective as of his re-election as a director at this Annual Meeting. The Board believes it is important to retain flexibility to allocate the responsibilities of Chairman of the Board and Chief Executive Officer in a manner that it believes is in the best interests of the Company and its stockholders. The Board does not have a policy mandating that the Chief Executive Officer should or should not also serve as Chairman. Rather, the Board considers the issue as part of the CEO succession planning process, and determines leadership of the Board based on its evaluation of current circumstances and the needs of the Company at the time. Based on Mr. Reading's significant knowledge of the Company and strong leadership qualities, the Board has concluded that combining the roles of Chairman and Chief Executive Officer, along with the presence of a strong Lead Independent Director, is in the best interests of the Company and its stockholders at this time to promote the pursuit for the Company's business objectives and strategic growth plans. Furthermore, the Board and Mr. Reading have identified Eric Williams, the Company's current Chief Operating Officer – East, as a possible successor to the CEO role and have expanded Mr. Williams' current role and responsibilities, which the Board believes creates the best possible long-term opportunity for both continuity and success in the leadership and strategy of the Company. In this regard, as indicated below, the Company has promoted Mr. Williams to the office of President and Chief Operating Officer, effective as of May 21, 2024. Mr. Williams has served as the Company's Chief Operating Officer — East since July 2021. Graham Reeve, our Chief Operating Officer — West since March 2018, will continue to serve as the Company's Chief Operating Officer — West.

In connection with its decision to combine the CEO and Chairman roles, the Board created the position of Lead Independent Director, adopted a Lead Independent Director Charter, and appointed Dr. Bernard Harris to serve in that role effective as of his re-election at this Annual Meeting. Dr. Harris has served as a director since 2005. The Board believes that Mr. Reading's service as both Chairman of the Board and Chief Executive Officer puts him in the best position to execute our business strategy and business plans to maximize shareholder value. Because Mr. Reading has primary management responsibility with respect to the day-to-day business operations of the Company, he is best able to ensure that regular meetings of the Board are focused on the most important issues facing us at any given time. Our Board leadership structure also demonstrates to all our stakeholders (stockholders, employees, customers and communities around the country) that we are under strong leadership, with Mr. Reading setting the tone and having primary management responsibility. The Lead Independent Director and other independent directors will actively oversee Mr. Reading's management of our operations and strategy execution. They will continue to take an active role in overseeing the Company's management and key issues related to strategy, risk, integrity, compensation and governance. For example, only independent directors serve on the Audit Committee, Compensation Committee, Compliance Committee, and Governance and Nominating Committee. Non-management and independent directors regularly hold executive sessions outside the presence of the Chief Executive Officer and other Company employees. Finally, as detailed below, the Lead Independent Director has many important duties and responsibilities that enhance the independent oversight of management.

The Lead Independent Director will chair all meetings of the independent directors and executive sessions of the independent directors and also has other authority and responsibilities, including:

- presiding at all meetings of the Board of Directors in the absence of, or upon the request of, the Chairman of the Board;
- advising the Chairman of the Board regarding the agendas for meetings of the Board of Directors and information to be sent to the Board of Directors in connection with such meetings;
- calling meetings of non-management and/or independent directors;
- advising the Chief Executive Officer, as appropriate, on issues discussed at executive sessions of non-management and/or independent directors;
- serving as principal liaison between the Chairman and the independent directors;

- being available, as appropriate, for consultation and direct communication with stockholders;
- having the authority to retain outside advisors and consultant who report directly to the Board of Directors on Board-wide issues; and
- recommending to the Governance and Nominating Committee and to the Chairman, selection for the membership and chairman position for each Board committee.

We believe our Board’s leadership structure is best suited to the needs of the Company and that the strength of our Lead Independent Director position, the number and strength of our independent directors, the promotion of Mr. Williams to the office of President, and our overall governance practices positions the Company for continued strong leadership and growth.

Board Oversight of Risk

Our management is responsible for the Company’s day-to-day risk management activities. Our Board, which functions in an oversight role in risk management, focuses on understanding the nature of the risks inherent in our business, including our operations, strategic directions and overall risk management systems. Our Board receives periodic updates on our business operations, financial results, strategy, compliance, cybersecurity and specific risks related to our business. These updates are communicated through periodic correspondence, presentations by management at Board meetings and through discussions with appropriate management compliance and audit personnel at the meetings of the Board’s Audit and Compliance Committees.

Independent Directors

The Board has affirmatively determined that each of the seven nominees to the Board of Directors, other than Mr. Reading, has no relationship with the Company or its subsidiaries that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and are independent, as defined in the NYSE listing standards. Specifically, the Board determined that the foregoing six nominees (which is exclusive of Mr. Reading) are “independent” as defined in the NYSE listing standards, and that the directors comprising the Company’s Audit Committee are “independent” as defined in Rule 10A-3(b)(1) under the Securities Exchange Act of 1934, as amended (the “ Exchange Act”) and the directors comprising the Compensation Committee are “independent” as defined in Rule 10C-1 under the Exchange Act.

Attendance at Board Meetings and Board Committees

The Board of Directors conducts its business through its meetings and through meetings of certain committees of the Board of Directors. The Board of Directors is comprised of a majority of independent directors as required by the NYSE listing standards and is required to meet at least four times per year. In addition, the independent directors periodically meet as a group in executive session, without management present.

The Board has the following standing committees: (i) Governance and Nominating Committee, (ii) Compliance Committee, (iii) Compensation Committee, and (iv) Audit Committee. During 2023, the Board of Directors met six times, the Governance and Nominating Committee met four times, the Compliance Committee met four times, the Compensation Committee met eight times and the Audit Committee met seven times. Each of our directors participated in at least 75% of the aggregate meetings of the Board of Directors and the committees on which he or she served.

These committees are constituted as follows:

Governance and Nominating Committee

The Governance and Nominating Committee currently consists of Messrs. Kuntz (Chairman), Harris and Trier. Mr. Kuntz will retire from the Board of Directors effective as of the date of the Annual Meeting. At the Board of Directors meeting to be held on May 21, 2024 after this Annual Meeting, the Board will assess and determine the composition of the Governance and Nominating Committee and the director who will serve as its chairman. Each of the foregoing directors have been determined to be “independent,” as defined in the NYSE listing standards and the rules of the SEC. One of the functions of this committee is to select, screen and recommend to the full Board nominees for election as directors, including any nominees proposed by stockholders who have complied with the procedures described below. The committee also has ongoing responsibility for oversight review of Board

performance and ensuring each Board member's continuing commitment to the Board and the Company's goals and objectives. Additional functions include regularly assessing the appropriate size of the Board, and whether any vacancies on the Board are expected due to retirement or otherwise. In the event vacancies are anticipated, or otherwise arise, the committee will consider various potential candidates for director. Candidates may come to the attention of the committee through current Board members, stockholders, or other persons. The committee may also hire third parties to identify, to evaluate, or to assist in identifying or evaluating potential nominees should it be determined necessary. The committee operates under a written charter, a copy of which is available on our website at www.usph.com.

Nomination Criteria. In its consideration of Board candidates, the Governance and Nominating Committee considers the following criteria: the candidate's general understanding of the healthcare sector, marketing, finance and other disciplines relevant to the success of a publicly-traded company; strategic business contacts and regard or reputation in the community, other board affiliations, industry and civic affairs; financial, regulatory and business experience; integrity, honesty and reputation; size of the Board of Directors; and regulatory obligations. In addition, as part of the Board Diversity Policy, the Board memorialized its commitment to consider diversity, including race and gender, in identifying candidates for appointment to the Board, and to strive to include women and people of color in each candidate pool for future Board seats.

In the case of incumbent directors whose terms of office are set to expire, the committee reviews each such director's overall service to the Company during said director's terms, including the number of meetings attended, level of participation, quality of performance, and whether the director continues to meet the independence standards set forth in the applicable SEC rules and regulations and the NYSE listing standards. In the case of new director candidates, the questions of independence and financial expertise are important to determine which roles can be performed by the candidate, and the committee preliminarily determines whether the candidate meets the independence standards set forth in the SEC rules and regulations and the NYSE listing standards, and the level of the candidate's financial expertise. In accordance with the Company's Corporate Governance Guidelines, incumbent directors who have achieved the age of 78 as of the date of the Annual Meeting shall not be eligible for re-election to the Board at such Annual Meeting without the unanimous consent and approval of the Board. Newly proposed nominees for director who have achieved the age of 77 as of the date of the Annual Meeting shall not be eligible for nomination, appointment or election to the Board. Candidates are first screened by the committee, and if approved by the committee, then they are screened by other members of the Board. The full Board approves the final nomination(s) based on recommendations from the committee. The Chairman of the Board, acting on behalf of the full Board, will extend the formal invitation to become a nominee of the Board of Directors.

Stockholder Nomination Procedures. The Governance and Nominating Committee will consider director candidates recommended by the stockholders. Generally, for a stockholder of the Company to make a nomination to be included in the proxy statement, he or she must give written notice to our Secretary so that such notice is received at least 120 calendar days prior to the first anniversary of the date the Company's proxy statement is sent to the stockholders in connection with the previous year's annual meeting of stockholders. If no annual meeting of stockholders was held in the previous year (or if the date of the annual meeting of stockholders was changed by more than 30 calendar days from the date of the previous year's annual meeting), the notice must be received by the Company within a reasonable period prior to the time the Company begins to print and send its proxy materials for the applicable annual meeting. The stockholder's notice must set forth as to each nominee: (i) the name, age, business address and residence address of such nominee, (ii) the principal occupation or employment of such nominee, (iii) the number of shares of our common stock which are beneficially owned by such nominee, and (iv) any other information relating to such nominee that may be required under federal securities laws to be disclosed in solicitations of proxies for the election of directors (including the written consent of the person being recommended as a director candidate to being named in the proxy statement as a nominee and to serve as a director if elected). The stockholder's notice must also set forth as to the stockholder giving notice: (a) the name and address of such stockholder and (b) the number of shares of our common stock which are beneficially owned by such stockholder.

If the information supplied by the stockholder is deficient in any material aspect or if the foregoing procedure is not followed, the chairman of the applicable annual meeting may determine that such stockholder's nomination should not be brought before the meeting and that such nominee is not eligible for election as a director of the Company. The Governance and Nominating Committee will not alter the manner in which it evaluates candidates, including the minimum criteria set forth above, based on whether or not the candidate was recommended by a stockholder.

No stockholder nominations were received in connection with the Annual Meeting.

Compliance Committee

The Compliance Committee currently consists of four directors. The current members of the committee are Dr. Harris (Chairman), Ms. Gilmartin, Ms. Ham and Mr. Swanson. Dr. Harris, Mr. Swanson, Ms. Gilmartin and Ms. Ham all have been determined to be “independent,” as defined in the NYSE listing standards and the rules of the SEC. As more fully described in the Compliance Committee Charter, which can be found on our website at www.usph.com, the committee has general oversight of our Company’s compliance with the legal and regulatory requirements regarding healthcare operations and cybersecurity. The committee is provided with information regarding the Company’s Compliance Program, including reports regarding the Company’s internal audit programs, results of external audits, and compliance related issues reported on the Company’s compliance hotline or otherwise. The committee reviews and assesses the activities and findings of clinic internal audits, reviews reports of material noncompliance and reviews and approves corrective actions proposed by management. The Committee also receives regular reports from the Company’s Chief Information Security Officer, regarding the Company’s cybersecurity related efforts, including infrastructure, security breach incidents and mitigation and remediation efforts. During 2023, each of the directors on the Committee completed the Diligent Cyber Risk and Strategy Certification Program, which teaches cyber literacy for corporate directors to effectively govern significant enterprise-wide cyber risks and have meaningful conversations with management. The committee also relies on the expertise and knowledge of management, especially our Chief Compliance Officer (“CCO”) and Chief Information Security Officer, who regularly communicates with the Chairman of the committee, and other compliance, management, operations and/or legal personnel. The committee reports periodically to the Board of Directors regarding its actions and recommendations.

Compensation Committee

The current members of the Compensation Committee are Ms. Gilmartin (Chair), Mr. Kuntz, Ms. Motsenbocker and Mr. Swanson. At the Board of Directors meeting to be held on May 21, 2024 after this Annual Meeting, the Board will assess and determine the composition of the Compensation Committee, given Mr. Kuntz’s retirement as of the date of the Annual Meeting. All Compensation Committee members have been determined to be “independent,” as defined in the NYSE listing standards and the rules of the SEC. As more fully described in the Compensation Committee Charter, which can be found on our website at www.usph.com, the committee is responsible for, among other things:

- establishing goals and objectives relevant to incentive compensation awards (annual and long-term) for the Chief Executive Officer and other senior executive officers of the Company;
- evaluating the Chief Executive Officer’s and other senior executive officers’ performance and the overall corporate performance in light of these goals and objectives and approve any incentive compensation for such executives;
- determining any periodic adjustments to be made in the Chief Executive Officer’s and other senior executive officers’ base salary level based on the committee’s evaluation thereof;
- reviewing, for officers of the Company other than the senior executives, the proposed salary levels and annual adjustments thereto and the incentive compensation plans formulated by senior executive management and the annual bonus payments to be made thereunder, and providing input and advice to senior executive management with respect to these compensation decisions;
- approving all executive perquisites and any special benefit plans to be made available to senior executive officers;
- administering the Company’s clawback policy;
- advising on compensation of non-employee members of the Board; and
- administering the Company’s equity compensation plans and approving grants to executive officers, employees, directors, and consultants under such plans.

The committee may delegate its responsibilities to subcommittees of one or more directors. The Company’s Chief Executive Officer and the other executive officers named in the Summary Compensation Table (collectively, the “Named Executive Officers” or the “NEOs”) and other senior executives are not permitted to be present during any deliberations or voting with respect to his or her compensation. The committee’s processes and procedures for determining executive compensation are described below under “Compensation Discussion and Analysis.”

Audit Committee

The Audit Committee currently consists of Messrs. Trier (Chairman), Harris and Kuntz, and Ms. Motsenbocker. At the Board of Directors meeting to be held on May 21, 2024 after this Annual Meeting, the Board will assess and determine the composition of the Audit Committee, given Mr. Kuntz's retirement from the Board effective as of the date of the Annual Meeting. The Board of Directors has determined Ms. Motsenbocker and Messrs. Trier and Kuntz to be "audit committee financial experts" under the rules of the SEC. As more fully described in the Audit Committee Charter, which can be found on our website at www.usph.com, the committee is responsible for, among other things:

- overseeing our financial reporting processes, including the quarterly reviews and annual audits of our financial statements by the independent auditors;
- the appointment, compensation, retention and oversight of the work of the independent auditors;
- pre-approving audit and permitted non-audit services, and related fees and terms of engagement, provided by the independent auditors;
- reviewing with management and independent auditors issues relating to disclosure controls and procedures and internal control over financial reporting; and
- reviewing the internal audit department responsibilities, budget, staffing and the scope and results of internal audit work.

The Audit Committee Charter requires that the committee consist of at least three independent members of our Board. At each regular Audit Committee meeting, the committee meets privately with management and with the independent auditors, and at least twice per year it meets privately with the Internal Audit Manager.

Compensation Committee Interlocks and Insider Participation

The current members of the Compensation Committee are Ms. Gilmartin (Chair), Mr. Kuntz, Ms. Motsenbocker and Mr. Swanson. None of the members of the Compensation Committee is, or during 2023 was, an officer or employee of the Company or any of its subsidiaries, nor has any of the members ever been an officer of the Company. Furthermore, none of our executive officers has served on the board of directors or compensation committee of any other entity that has or has had an executive officer who served as a member of our Board of Directors or Compensation Committee during 2023.

Codes of Conduct and Procedures Regarding Related Party Transactions

Codes of Conduct

Our Board has approved and we have adopted a Code of Business Conduct and Ethics for our officers and all employees, an additional Code of Business Conduct and Ethics which is applicable to our directors, and Corporate Governance Guidelines. The Codes and Corporate Governance Guidelines are available on our website at www.usph.com. Our Board, or a committee of its independent members, is responsible for reviewing and approving or rejecting any requested waivers to the Codes, as such waivers may apply to our directors and officers. Neither the Board, nor a committee of its independent members, received any requests for waivers or amendments to the Codes in 2023 and none were granted. Any waivers of these Codes for directors, officers and employees will be disclosed in a Form 8-K filed with the SEC, which will be available on the SEC's website at www.sec.gov. The Code applicable to directors requires each director to disclose to the Board any interest he or she may have in a potential transaction, arrangement or agreement to which the Company is or will be a party, and refrain from participating directly or indirectly in the transaction unless the Board approves such participation with all interested directors abstaining from the consideration and deliberation of, and any votes concerning, such matter.

Our Board has further approved and we have adopted an additional Code of Business Conduct and Ethics, applicable to our Chief Executive Officer, Chief Financial Officer and senior financial officers, relating to dealings with our auditors and the preparation of our financial statements and other disclosures made to the public under SEC rules and regulations. This Code is available on our website at www.usph.com. The Board, or a committee of its independent members, is responsible for reviewing and approving or rejecting any requested waivers from, and amendments to, this Code. Neither the Board, nor a committee of its independent members, received any requests for waivers or amendments to the Code in 2023, and none were granted. Any waivers from, and amendments to, the Code will be disclosed in a Form 8-K filed with the SEC, which will be available on the SEC's website at www.sec.gov. The Code

requires the officers to disclose directly to the Audit Committee any conflicts of interest, including any material transaction or relationship involving a potential conflict of interest.

Certain Relationships and Related Transactions

The charter of the Audit Committee requires that the Audit Committee review and approve all insider and affiliated party transactions. There were no such transactions during 2023.

Communications with the Board of Directors and Attendance at Annual Meeting

The Board of Directors maintains an informal process for stockholders to communicate with the Board of Directors. Stockholders wishing to communicate with the Board of Directors should send any communication to our Secretary, at our principal executive offices, 1300 West Sam Houston Parkway South, Suite 300, Houston, Texas 77042. Any such communication must state the number of shares beneficially owned by the stockholder making the communication. The Secretary will forward such communication to the full Board of Directors or to any individual director or directors to whom the communication is directed unless the communication is unduly hostile, threatening, illegal or similarly inappropriate, in which case the Secretary has the authority to discard the communication or take appropriate legal action regarding the communication.

The Board of Directors also maintains an informal process for interested persons to communicate directly with the independent directors who periodically meet as a group in executive session. In the event an interested party wants to communicate directly with our Chairman (who currently presides over the executive sessions), our Lead Independent Director (who will preside over the executive sessions when our Chief Executive Officer serves in the Chairman role) or with the independent directors as a group, the interested party should send such communication to the attention of Chairman of the Board, labeled “CONFIDENTIAL”, to our principal executive offices.

Although the Company does not have a formal policy requiring them to do so, all of the members of our Board of Directors are encouraged to attend our annual meeting of stockholders. At the 2023 annual meeting all of our directors participated.

Stockholder Engagement

We regularly engage with our stockholders about our business and operations. Over the past year executive management met with or spoke to most of its major stockholders and numerous smaller holders representing well over a majority of the Company’s outstanding common stock. Management received stockholders input as to various corporate issues including their opinion concerning corporate governance and other business matters. Topics discussed included composition of our board of directors including experience, tenure, age, diversity and remuneration, as well as management pay including incentive compensation. Other topics included business outlook and strategy, acquisition criteria, capital structure, dividend policy, employee retention, adaptation of our workforce to remote environments, cybersecurity and environmental, social and governance matters.

From time to time, we have had communications with certain institutional shareholder representatives regarding the Board composition and the Board’s commitment to continue to attract and retain directors with diverse backgrounds, as well as environmental, social and governance (“ESG”) initiatives. In response to stockholder engagement, the Board of Directors memorialized its commitment to further enhancing Board diversity by adopting a Board Diversity Policy, which is posted on the Company’s website as part of the Corporate Governance Guidelines. The Company and the Board of Directors are committed to enhancing diversity on the Board, as the Company’s three most recently appointed directors, Ms. Gilmartin, Ms. Motsenbocker and Ms. Ham, are female and all three are nominated for reelection at this Annual Meeting. The Company also indicates herein the gender and race/ethnicity of its director nominees.

In prior years, we had communications with Institutional Shareholder Services (“ISS”), a proxy advisory firm, about issues of importance to them, including our executive compensation practices and our corporate governance. The most consistent comments we received related to the age and diversity of our directors, plurality voting in election of directors, and the preference to avoid “single-trigger” benefits for our executive officers.

Pursuant to Nevada law and the Company’s bylaws, director nominees are elected by a plurality of votes cast at our Annual Meeting. In response to stockholder feedback, we amended the Company’s Corporate Governance Guidelines to provide that, in any uncontested election of directors, a nominee who receives more “withhold” votes than FOR votes shall tender his or her resignation to the Board.

The Company also has addressed the issue regarding executive “single-trigger” benefits for its executive officers by amending executive employment agreements to modify the change in control payment benefit to a “double-trigger” benefit, such that the payment becomes due only if there is both a change in control and a termination event involving the particular executive officer. The Compensation Committee has incorporated into its compensation philosophy a desired intent to avoid future “single-trigger” benefits.

Environmental, Social and Governance Matters

The Company is committed to serving our patients, employees and communities in a sustainable and responsible manner. At every level of our organization, we recognize the importance of being good corporate citizens. Where possible, we look to optimize our operations to ensure that we can reduce our environmental impact while developing our employees and helping our patients.

We believe that sound corporate citizenship starts with the integration of ESG considerations into our corporate and risk management strategies. Doing so aligns the Company’s interests with our long-term success, that of our trusted partners and all stakeholders. ESG efforts are led internally by the Company’s ESG working group comprised of senior leaders from legal, operations, finance and human resources. The Board of Directors is overseeing our ESG efforts and receives periodic updates and reports on our efforts.

Given the nature of our Company’s business, our ESG focus has primarily been in the social and governance areas. We are committed to enhancing the health and wellness of patients in the communities within which we operate, utilizing a well-trained and diverse employee base. At its core, our Company is all about the well-being of our patients and our employees. Our ESG efforts also focus on overall governance, which includes having a diverse, experienced and independent Board of Directors to lead the Company, as well as taking steps to enhance cybersecurity and protect patient health information.

The Company continues to grow in our ESG journey. We are committed to looking for ways to expand our efforts and reporting, taking into account feedback from key stakeholders. During 2023, we published our 2023 ESG Report detailing our ongoing process and philosophy regarding ESG. That ESG Report aligns with the Sustainability Accounting Standards Board (SASB) standards for our industry. Our ESG Report is available on our website at <https://www.usph.com>.

The Retainer Fee for the first two quarters in 2023 was \$11,250 per quarter. In addition, for these first two quarters, directors were paid \$1,250 for each committee meeting attended in person or telephonically (hereinafter referred to as "Meeting Fees"). COMPENSATION DISCUSSION AND ANALYSIS

The Compensation Committee, composed entirely of independent directors, administers the Company's executive compensation program. The role of the committee includes establishing and overseeing compensation and benefit programs for our executive officers, including the Chief Executive Officer and the other executive officers listed above. The committee also evaluates the performance of the Chief Executive Officer and reviews the performance of our other executive officers every year. Based upon these performance evaluations, the committee establishes compensation for the Chief Executive Officer and other executive officers, and executive management consults with the committee with respect to compensation levels and plans for key employees. Elements of our executive compensation program include: base salary; annual cash incentive compensation; long-term equity incentive awards; post-employment benefits; and benefits and perquisites.

Our compensation and benefits programs are designed to attract and retain talented, qualified executives to manage and lead the Company, to motivate them to pursue corporate objectives, to align the interests of our executives with those of our stockholders and to maximize the long-term growth of the Company. We believe that our compensation program allows us to meet the following objectives:

- *Reward the executive officer for a job done well.* While base salary, which is intended to provide reasonable fixed compensation for the essential elements of an executive officer's position, remains an important component of an executive officer's compensation, our performance-based cash and equity compensation plans comprise a significant portion of compensation.
- *Compensate executive officers within market standards.* We believe that competitive pay, together with our significant growth opportunities and employee-centered corporate culture, allow us to attract and retain top-quality executives. To ensure the competitiveness of our compensation levels within the comparable markets for executive talent, we review our executive compensation program in comparison to pertinent market data and specified peer companies.
- *Provide compensation that is fair to the executive officer and the Company.* We believe that it is important for executive officers to be fairly compensated, at levels reflective of their talents, experience, and the scope of their job responsibilities. We also believe that it is important that each executive officer perceives that his or her compensation is fair and equitable relative to peers and others in the organization. This perceived equity promotes executive retention and satisfaction, and is consistent with our beliefs and values.
- *Create a high-performance culture.* We believe that executive officers should strive to achieve and exceed performance expectations and drive the growth and success of the business. We also believe that superior performance warrants superior rewards. Our merit-based salary increases and performance-based cash and equity compensation plans are designed to promote this high-performance culture and motivate our executives to achieve at their highest potential.

Compensation Policies and Practices

We maintain the following compensation policies and practices that reflect our pay-for-performance philosophy and support long-term stockholder value:

- *Well-Balanced Compensation Program.* The structure of our executive compensation program includes a balanced mix of cash and equity compensation with a strong emphasis on performance-based and at-risk compensation.
- *Capped Annual Incentive Award Opportunities.* The value of our NEO incentive awards is determined by performance-based metrics that promote long-term stockholder value.
- *Multi-Year Vesting Periods.* Our vesting periods enhance retention and alignment with stockholders' interests, our long-term incentive awards are comprised of time-based and performance-based equity awards that vest over multiple years.
- *Independent Decision Makers.* Members of our Compensation Committee are independent.
- *Competitive Compensation Practices.* The competitiveness of our executive compensation program is monitored annually by comparison to a group of peer companies that are comparable based on industry, revenue, market capitalization and other factors.

- *Double-Trigger Change in Control Benefits.* Restricted stock grants are subject to “double trigger” vesting in connection with a change in control (*i.e.*, awards that require a qualifying termination of employment in addition to a change in control in order to become fully vested).
- *Limited Perquisites.* We provide our NEOs with limited perquisites that are narrowly tailored to enhance our retention of talent over the long term.
- *Clawback Policy.* We require our executive officers to agree to a Clawback Policy. If we are required to file an accounting restatement with the SEC to correct an error in previously issued financial statements, we will recover from our current and former executive officers any incentive-based compensation received by those executives during the last three fiscal years that exceeds the amount of incentive-based compensation that otherwise would have been received by the executive had it been determined based on the restated amounts, computed without regard to any taxes paid.

Compensation Framework and Process

Role of the Independent Consultant

The Compensation Committee has the authority to retain a consultant or obtain advice from external legal, accounting or other advisors to assist in the evaluation of executive compensation. The Compensation Committee retained an outside resource during 2023 for the limited purpose of providing the committee with certain updated benchmarking information (as discussed below) to assist the committee with evaluating and establishing the Company’s performance-based cash and equity compensation plans.

The outside resource has no other business or financial relationship with the Company and his work for the Compensation Committee does not raise any conflict of interest. This outside resource provided no other services to the Company and only received fees from the Company on behalf of the Compensation Committee.

Benchmarking

To ensure that our executive compensation program is competitive, the Compensation Committee has periodically reviewed data regarding executive compensation at peer group companies assembled by its outside resource. The Compensation Committee uses the comparative peer group data as a point of reference for compensation, but not as the determinative factor. The purpose of the comparison data is not to supplant the analyses of internal pay equity, wealth accumulation and the individual performance of the executive officers that the Compensation Committee considers when making compensation decisions. The Compensation Committee has full discretion in determining the nature and extent of the use of comparative compensation data, including to elect not to use the data at all.

There are very few directly comparable, publicly-traded peer companies in our sector, so in determining our peer group, we selected companies with similar industry focus, business complexity, and size and operating characteristics. The most recent targeted peer group consisted of the following companies:

- Select Medical Corporation
- ATI Physical Therapy, Inc.
- Surgery Partners, Inc.
- RadNet, Inc.
- Addus HomeCare Corporation
- Cross Country Healthcare, Inc.
- Apollo Medical Holdings, Inc.
- National Healthcare Corp
- Ensign Group, Inc.

For each of these companies, the Compensation Committee reviewed base salary information, annual cash incentives, annual equity incentives, and other compensation. In addition, the Compensation Committee reviews and considers the pay for performance and benchmarking information provided by ISS in its ISS Proxy Analysis & Benchmark Policy Voting Recommendations relating to the Company’s prior fiscal year. The Compensation Committee

considered the relative portion of overall executive compensation consisting of equity compensation as compared to cash compensation, objective versus subjective measures, and how the Company compared to the other publicly-traded companies in areas such as shareholder return, revenue and Adjusted EBITDA growth. Adjusted EBITDA is defined as earnings before interest income, interest expense, taxes, depreciation, and amortization, changes in revaluation of put-right liability, equity-based awards compensation expense, asset impairment charges and other extraordinary or unusual items, and the related portion for non-controlling interests. Considering all these factors and comparable company information, the Compensation Committee determined that the 2023 compensation program for the NEOs appropriately motivates the Company's executives to manage the Company effectively and in a manner that is in the best interests of the Company and its stockholders.

Role of the Executive Officers

Mr. Reading participated in the meetings of the Compensation Committee at which compensation actions involving our executive officers (other than Mr. Reading) were discussed. Mr. Reading assisted the Compensation Committee by making recommendations and answering Compensation Committee questions regarding executive performance and objectives relating to the NEOs other than himself. Mr. Reading recused himself and did not participate in any portion of any meeting of the Compensation Committee at which his compensation was discussed.

Anti-Hedging of Company Stock

Pursuant to the Company's Insider Trading Policy, directors, officers and employees are prohibited from:

- Directly or indirectly engaging in transactions designed to or have the effect of hedging or offsetting any decrease in the market value of Company stock;
- Buying or selling put options, call options or other derivatives of Company stock; and
- Executing short sales of the Company stock.

In addition, the Company's Insider Trading Policy provides that the following types of transactions also should be avoided in order to avoid possible inadvertent insider trading transactions:

- Holding Company stock in margin accounts;
- Pledging any Company stock as collateral for a loan; and
- Establishing standing orders.

The Role of Stockholder Say-on-Pay Votes

At the Annual Meeting of our stockholders held in May 2023, our stockholders were provided with an opportunity to cast a non-binding, advisory vote on the frequency with which the Company's stockholders shall have the advisory, non-binding "say-on-pay" vote on compensation paid to our named executive officers. A majority of the votes cast were in favor of holding the say-on-pay vote every year.

At the May 2023 Annual Meeting, approximately 91% of votes cast were in favor of our executive compensation program. The Compensation Committee believes that our compensation program includes a number of features that reflect best practices in the market and that this voting result affirms stockholders' support of the Company's general approach in compensating its executive officers. Our Compensation Committee will continue to consider the outcome of the Company's say-on-pay proposals when making future compensation decisions for our NEOs.

Current Executive Compensation Program Elements

Base Salaries

Other than the base salary of the NEOs which were initially set by an employment agreement (see "Employment and Consulting Agreements" below), base salaries of executives are initially determined by evaluating the responsibilities of the position, the experience and knowledge of the individual and the competitive marketplace for executive talent. Base salaries for executive officers, including those with employment agreements, are reviewed annually by the committee based on, among other things, individual performance and responsibilities, inflation and competitive market conditions.

Annual Cash Incentive Compensation

Based on individual and Company performance, incentive compensation opportunities are available to a wide range of our employees. We believe that incentive compensation is effective in reinforcing both the overall values of our Company and our specific operating goals.

Incentive compensation programs are designed to focus employees' attention on our key performance goals, to identify the expected levels of performance and to reward individuals who meet or exceed our expectations. The aggregate amounts available for incentive awards are determined by our overall financial performance. The actual awards paid to individual recipients, other than to executive officers, are formulated by management, generally payable on an annual basis and reviewed by the committee prior to payment. The committee formulates and determines incentive awards for Named Executive Officers. See "Summary Compensation Table" below.

Long-term Equity Incentive Awards

The Objective Cash Bonus Plan, Discretionary Cash Bonus Plan, Objective Long-Term Incentive Plan, and Discretionary Long-Term Incentive Plan for 2023, collectively, are hereinafter referred to as the “2023 Executive Incentive Plan.”

The Stock Incentive Plan is intended to align employee and outside director interests with stockholders’ interests, to provide incentives to our key employees by encouraging their ownership of our common stock and to aid us in attracting and retaining key employees, upon whose efforts our success and future growth depends.

Equity grants are made at the discretion of the committee, which administers the Company’s equity compensation plans. The objective of such long-term equity-based awards, which generally vest over four years, is primarily to incentivize management and key employees for future performance rather than to reward specific past performance.

Individual grant sizes are primarily determined based on the employee's duties and level of responsibility and his or her ability to exert significant influence and make meaningful contributions to the overall future success of the Company and, to a lesser degree, organizational and individual performance. At the discretion of the committee, and based on the recommendation of management, equity grants may also be used as an incentive for candidates recruited to fill key positions and for existing employees who receive significant promotions with increased responsibilities.

For the 2023 year, the 2023 Executive Participants were eligible to receive awards consisting of shares of restricted common stock under the Company's Objective Long-Term Incentive Plan and Discretionary Long-Term Incentive Plan. For a detailed description of these plans, see the Company's Current Report on Form 8-K filed with the SEC on March 8, 2023.

Under the Objective Long-Term Incentive Plan, Mr. Reading was eligible to earn up to 10,000 shares of restricted common stock, and Messrs. Williams, Reeve, Hendrickson and Binstein each were eligible to earn up to 5,000 shares of restricted common stock, dependent upon the Company achieving Adjusted EBITDA in the range of \$74,597,377 to \$79,594,370 or more. In determining Adjusted EBITDA for purposes of the Objective Cash/RSA Bonus Plan, the Objective Cash/RSA Bonus Plan provides that such determination shall be made before interest income, interest expense, taxes, depreciation, and amortization, changes in revaluation of put-right liability, equity-based awards compensation expense, and other extraordinary or unusual items, and related portion for non-controlling interests. Based on the Adjusted EBITDA of \$77.7 million for 2023, Mr. Reading was awarded 6,200 shares of restricted common stock under this Objective Long-Term Incentive Plan, and Messrs. Williams, Reeve, Hendrickson and Binstein each were awarded 3,100 shares of restricted common stock under this Objective Long-Term Incentive Plan.

Under the Discretionary Long-Term Incentive Plan, Mr. Reading was eligible to earn up to 10,000 shares of restricted common stock, and Messrs. Williams, Reeve, Hendrickson and Binstein each were eligible to earn up to 5,000 shares of restricted common stock, based upon a subjective determination of the committee. The committee determined for each 2023 Executive Participant such executive's achievement of his respective Executive Subjective Criteria. Based on this review, the Compensation Committee determined that the achievement score for each of the 2023 Executive Participants was as follows: Mr. Reading – 100% of the maximum award value; Mr. Williams – 100% of the maximum award value; Mr. Reeve – 100% of the maximum award value; Mr. Hendrickson – 100% of the maximum award value; and Mr. Binstein – 100% of the maximum award value. For 2023, Mr. Reading was awarded 10,000 shares of restricted common stock under the Discretionary Long-Term Incentive Plan, and Messrs. Williams, Reeve, Hendrickson and Binstein each were awarded 5,000 shares of restricted common stock under the Discretionary Long-Term Incentive Plan. These shares of restricted common stock were granted on February 26, 2024 with restrictions on these shares lapsing evenly over 16 quarters starting on April 1, 2024.

Post-Employment Benefits

We have entered into employment agreements with our NEOs that provide for the payment of severance and other post-termination benefits depending on the nature of the termination, including severance payments in the event of a termination following a "change in control." The committee believes that the terms and conditions of these agreements are reasonable and assist us in retaining the executive talent needed to achieve our objectives. In particular, the termination agreements, in the event of a "change in control," help executives focus their attention on the performance of their duties in the best interests of the stockholders without being concerned about the consequences to them of a change in control and help promote continuity of senior management. Information regarding the specific payments that are applicable to each termination event, as well as the effect on unvested equity awards, is provided under the heading "Executive Compensation — Post Termination/Change-in-Control Benefits" below.

Benefits and Perquisites

Defined Contribution Plan. The Company maintains qualified retirement plans pursuant to Internal Revenue Code of 1986, as amended (the "Code"), Section 401(k) (the "401(k) Plans") covering substantially all employees subject to certain minimum service requirements. The 401(k) Plans allows employees to make voluntary contributions and provides for discretionary matching contributions by the Company. For certain plans, the Company makes matching contributions. The assets of the 401(k) Plans are held in trust for grantees and are distributed upon the retirement, disability, death or other termination of employment of the grantee. The Board, in its discretion, determines the amount of any Company discretionary contributions. We did not make any discretionary contributions to the 401(k) Plan during 2023. The Company's matching contributions aggregated \$2.2 million in 2023.

Life Insurance. The Company maintains, at its expense, for the benefit of each of its full-time employees, life insurance policies in the amount of one times the employee’s annual salary, up to \$200,000.

Health and Welfare Benefits. All executive officers, including the Named Executive Officers, are eligible for welfare benefits from the Company including: medical, dental, vision, life insurance, short-term disability and long-term disability. Named Executive Officers participate in these plans on the same basis and subject to the same costs, terms and conditions as other salaried employees at their work location.

Actions Taken Subsequent to Year Ended 2023

On March 6, 2024, the Compensation Committee approved and adopted the incentive plans for senior management as described below applicable to our Named Executive Officers.

Objective Plans

For 2024, the criteria used by the Company in determining awards to the executive officers under the Objective Cash/RSA Bonus Plan and Objective Long-Term Incentive Plan will be directly based on the Company’s Adjusted EBITDA. We use this objective measure because we believe it is a key driver in increasing shareholder value and because each of our executive officers can impact this objective measure in some way. The Compensation Committee approves the minimum and maximum goals for the objective financial measure, as defined in the plan, each year. The incentive for meeting these objective financial performance goals is set by the Compensation Committee.

Under the Objective Cash/RSA Bonus Plan for 2024, the Company’s executive officers are eligible to earn a bonus award, payable in cash and/or restricted common stock at the discretion of the Compensation Committee, having a value of up to 75% for Messrs. Reading, Reeve, Williams, Hendrickson and Binstein (as a group referred to as “2024 Participants”) of their respective base salaries dependent upon the Company achieving Adjusted EBITDA in the range of \$78,500,000 to \$85,000,000 or more. Under the Objective Long-Term Incentive Plan, Mr. Reading is eligible to earn up to 12,500 shares of restricted stock, Mr. Williams is eligible to earn up to 7,500 shares of restricted stock, and Messrs. Reeve, Hendrickson and Binstein are eligible to earn up to 5,000 shares of restricted stock, respectively, dependent upon the Company Adjusted EBITDA in the range of \$78,500,000 to \$83,500,000 or more.

Subjective Plans

Stock Vested Table

The following table shows the number of shares of our common stock acquired by each of our NEOs during 2023 upon the “vesting” of restricted stock (“vesting” refers to lapse of restrictions). As of December 31, 2023, there were no outstanding stock options for each of our NEOs.

Name	Stock Awards	
	Number of shares acquired on vesting (#)	Value realized on Vesting ⁽¹⁾
Christopher J. Reading	14,548	\$1,414,780
Carey P. Hendrickson	3,494	\$ 346,439
Graham D. Reeve	7,244	\$ 704,110
Eric J. Williams	3,296	\$ 328,357
Richard S. Binstein	3,815	\$ 374,895

(1) The value realized on vesting is computed by multiplying the number of shares by stock by the market value of the underlying shares on the vesting date. The closing price of the stock is used as the market value.

Pay Ratio

The Company analyzed the annual total compensation for all of its employees and the employees of its consolidated subsidiaries (including part-time – “on call” – and full-time employees as per SEC rules), other than our CEO, in order to identify the employee with the median annual total compensation. In making this determination, the Company examined only payroll records of individuals who were employed by the Company or one of its consolidated subsidiaries on December 31, 2023. No cost-of-living adjustments were made to any such employee’s compensation, but the Company did annualize the compensation of individuals who commenced employment after January 1, 2023. After the median compensated employee was identified, that employee’s annual total compensation for fiscal year 2023 was determined in the same manner as if such individual was a named executive officer for 2023 whose compensation was required to be determined in accordance with SEC rules and reported in our “Summary Compensation Table” on page 31. Based on the foregoing, the annual total compensation of such employee, as determined in accordance with SEC rules, was \$43,660. As provided in our Summary Compensation Table, the annual total compensation for our CEO for the 2023 fiscal year was \$3,372,377, which was 77.2 to 1.0 times the annual total compensation of our median compensated employee for the 2023 fiscal year.

The above figures were reported in accordance with SEC rules. However, the Company believes that a more accurate disclosure would exclude “on-call” employees who have no set schedule and work only on an as-needed basis, which may be a few times a year. If these on-call employees were excluded from the determination of our median compensated employee for the 2023 fiscal year, the annual total compensation would be \$50,090 resulting in a ratio of the annual total compensation of our CEO to such employee of 67.3 to 1.0.

Because a significant amount of our CEO’s compensation for 2023 was in the form of equity compensation, and only a very small number of our employees receive equity compensation, we thought it would be helpful to our stockholders to see how the above ratios are impacted by excluding equity compensation. Excluding equity compensation, the annual total compensation of our median compensated employee was \$43,657 and the annual total compensation for our Chief Executive Officer would be \$1,739,895, resulting in a ratio of 39.9 to 1.0 if on-call employees are included. If on-call employees are excluded, the ratio is 34.7 to 1.0.

Pay Versus Performance

The Company's compensation objectives and philosophy, which are discussed above, are designed to reward the contributions of its NEOs to the Company's financial performance and provide compensation which is sufficient to attract and retain individuals who are motivated to contribute to the Company's financial performance. To achieve these goals, the Company has implemented incentive plans which tie a significant portion of each NEOs compensation to pre-determined financial goals.

For the year ended December 31, 2023, the most important financial performance measure used by the Company to link executive compensation actually paid to the executive officers was Adjusted EBITDA. For the years ended December 31, 2022, 2021, and 2020, the most important financial performance measure used by the Company to link executive compensation actually paid to the executive officers was Operating Results, which is described in the accompanying footnotes below.

The following table summarizes the executive compensation earned by the Company's Principal Executive Officer ("PEO"), and other Named Executive Officers ("NEOs"), the executive compensation actually paid to the Company's PEO and other NEOs, and certain financial performance measures of the Company for the years ended December 31, 2023, 2022, 2021, and 2020.

Post Termination/Change-in-Control Benefits

Each of the Employment Agreements of the Named Executive Officers may be terminated by the Company prior to the expiration of their respective terms for cause or without cause, and due to the death or disability of the Executive Officer, as well as by the Executive Officer for good reason or based a disability. In the event of (A) an involuntary termination by the Company without “cause” (as defined in each of the Employment Agreements) or (B) a voluntary termination by the Executive Officer for “good reason” (as defined in each of the Employment Agreements), the affected Executive Officer is entitled to receive (1) salary continuation for two years, based on his base compensation then in effect, (2) the greater of: (a) the bonus paid or payable to the Executive Officer with respect to the last fiscal year completed prior to such termination, or (b) the average of the bonuses paid to the Executive Officer over the last three fiscal years of employment ending with the last fiscal year prior to such termination, (3) the Executive Officer’s accrued but unused vacation days, (4) an immediate acceleration of vesting for all outstanding equity incentive awards, and (5) medical insurance benefits currently in effect for the twenty-four months following such termination. If an Employment Agreement is terminated based on a qualified disability (as described in the Employment Agreements), the terminated Executive Officer is entitled to receive a lump-sum payment equal to two times such Executive Officer’s base compensation then in effect, as well as an immediate acceleration of vesting for all outstanding equity incentive awards. If an Employment Agreement is terminated based on the death of an Executive Officer, the Executive Officers’ estate (or his heirs) will receive a lump-sum payment equal to such Executive Officers base compensation then in effect, and all outstanding equity incentive awards held by such Executive Officer shall immediately vest. Finally, in the event of a termination of employment in connection with a “change in control” (as defined in the Employment Agreements), Messrs. Reading, Reeve, Williams, Hendrickson and Binstein, as applicable, will be entitled to (A) a change of control benefit of \$500,000 for Mr. Reading and \$283,333 for Mr. Reeve, Mr. Williams, Mr. Hendrickson and Mr. Binstein, and (B) the immediate acceleration of vesting for all outstanding equity incentive awards held by them.

(1) For purposes of this analysis, we assumed the price per share of our common stock on the date of termination is \$93.14 (the closing price on December 31, 2023) and that the executive's base salary (as in effect on December 31, 2023) is as follows: Mr. Reading — \$960,000; Mr. Hendrickson — \$480,000; Mr. Reeve — \$605,000; Mr. Williams — \$540,000; and Mr. Binstein — \$375,000.

(2) Severance is calculated using two times the base salary as in effect on January 31, 2023, as noted in footnote 1 above.

(3) Annual cash incentive is based on the greater of (i) the bonus paid or payable to the executive with respect to last fiscal year of the Company completed prior to termination or (ii) the average of the bonuses paid to the executive over the three fiscal years of the Company ending with the last fiscal year completed prior to the termination.

- (4) Based on amounts stipulated in the respective employment agreements. To be paid, there must be a Change of Control and Termination Event as described in each respective agreement.
- (5) Pursuant to the Restricted Stock Agreement (entered into prior to January 1, 2020) for each executive, all restrictions and conditions on shares of restricted stock will be deemed satisfied and shares will be fully vested upon a "Change in Control". With respect to Restricted Stock Agreements for each executive that was entered into during 2021, 2022 and 2023, all restrictions and conditions on shares of restricted stock awarded under such agreements will be deemed satisfied and shares will be fully vested upon a Termination Event in connection with a "Change in Control" (i.e., a "double-trigger" benefit). Shares of restricted stock pursuant to agreements entered into during 2024 are not included as the restricted stock was not outstanding as of December 31, 2023.
- (6) Calculated for 24 months after termination which for this calculation is December 31, 2023.

DELINQUENT SECTION 16(A) REPORTS

Section 16(a) Exchange Act requires our directors and executive officers, and persons who own more than 10% of our equity securities to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock. Officers, directors and greater than 10% stockholders are required by SEC regulation to furnish us with copies of all Section 16(a) reports they file.

To our knowledge, no person beneficially owns more than 10% of our common stock. Copies of Section 16(a) reports filed by our directors and officers are required to be furnished to us. Based solely on a review of the copies of those forms furnished to the Company and written representations from the executive officers and directors, we believe that during 2023 all other Section 16(a) filing requirements applicable to our directors and officers were complied with on a timely basis, except for the following: (a) the restricted stock awards granted to each of Messrs. Christopher Reading, Carey Hendrickson, Graham Reeve, Eric Williams and Richard Binstein on February 20, 2023 were inadvertently reported a day late; (b) the restricted stock award granted to Ms. Nancy Ham on May 16, 2023, was inadvertently reported 10 days late, in each case, due to administrative errors.

PROPOSAL 2. — ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

Regulation 14A of the Exchange Act requires that we include in our annual Proxy Statement at least once every three years a non-binding stockholder vote on our executive compensation as described in this Proxy Statement (commonly referred to as “Say-on-Pay”). In 2011, we adopted a policy to hold an advisory vote on executive compensation each year. While the holders of a majority of our common stock voted to approve the compensation of our Named Executive Officers in 2019, we believed it was necessary to make changes to certain aspects of our executive compensation benefits based on stockholder feedback. In 2019, we reached out to many of our larger stockholders, and also received feedback from Institutional Shareholder Services (“ISS”), a proxy advisory firm, with regard to compensation of our Named Executive Officers. The principal item addressed by ISS related to the “single-trigger” benefit provided to the executive officers in the event of a change of control transaction involving the Company. To address these concerns, the Company took the following actions: (i) amended and restated the employment agreements with its executive officers to modify the change in control payment benefit to a “double-trigger” benefit, such that the payment becomes due only if there is both a change in control and a termination event involving the particular executive officer, (ii) provided for similar “double-trigger” change of control benefits in subsequent executive employment agreements, and (iii) the Compensation Committee approved a new form of restricted stock agreement for future restricted stock grants to its executive officers which modifies the single-trigger provision that accelerates unvested restricted stock upon on a change of control, such that the revised provision provides for acceleration of vesting on such newly granted unvested stock only upon a “double-trigger” (i.e., both a change of control and a termination event).

In November 2023, the Company adopted a Compensation Clawback Policy to comply with recently adopted rules of the New York Stock Exchange, which require the recovery of certain forms of executive compensation in the case of accounting restatements resulting from a material error in an issuer’s financial statements. Pursuant to the terms of our Clawback Policy for Executive Officers, if we are required to file an accounting restatement with the SEC to correct an error in previously issued financial statements, then we will recover from our current and former executive officers any incentive-based compensation received by those executives during the last three fiscal years that exceeds the amount of incentive-based compensation that otherwise would have been received by the executive had it been determined based on the restated amounts, computed without regard to any taxes paid.

In 2022 and 2023, our stockholders overwhelmingly approved the compensation of our Named Executive Officers, as in each year more than 91% of our common stock voted was in favor of approving the compensation of our named executive officers. We will continue to solicit and consider stockholder feedback relating to corporate governance and executive compensation.

We encourage stockholders to review the Compensation Discussion and Analysis on pages 20 through 41 in this Proxy Statement.

The Board strongly endorses the Company’s executive compensation program and recommends that the stockholders vote in favor of the following resolution:

“RESOLVED, that the stockholders approve the compensation of the Company’s Named Executive Officers as described in this Proxy Statement under “Executive Compensation”, including the Compensation Discussion and Analysis and the tabular and narrative disclosure contained in this Proxy Statement.”

Your vote will not be binding upon the Board or the Compensation Committee and neither the Board nor the Compensation Committee will be required to take any action as a result of the outcome of the vote on this proposal. However, the Compensation Committee will carefully consider the outcome of the vote when considering future executive compensation arrangements.

Properly executed but unmarked proxies will be voted FOR approval of the compensation of the Named Executive Officers. Under current regulations, a broker is prohibited from voting for this proposal without receiving instructions from you. **The Board of Directors believes that approving the compensation of the Named Executive Officers is in the best interest of the Company. The approval of the compensation of the Named Executive Officers will require the affirmative vote of holders of a majority of votes cast on this matter in person or by proxy. Accordingly, abstentions applicable to shares present at the meeting will not be included in the tabulation of votes cast on this matter.**

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE APPROVAL OF THE RESOLUTION APPROVING THE COMPENSATION OF THE COMPANY’S NAMED EXECUTIVE OFFICERS.

PROPOSAL 3 — RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our Audit Committee has appointed and recommends the ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm to conduct the audit of our financial statements for the year ending December 31, 2024. Grant Thornton LLP has acted as our independent registered public accounting firm since 2004. Representatives of Grant Thornton LLP are expected to attend our Annual Meeting, are expected to be available to respond to questions by stockholders and will have an opportunity to make a statement if they desire to do so, although it is not expected that a statement will be made.

Shareholder ratification of the appointment of Grant Thornton LLP is not required by the rules of the NYSE or the SEC or by our bylaws. If the stockholders fail to ratify the appointment of Grant Thornton LLP, the Audit Committee will consider whether to retain that firm since stockholder ratification of the appointment is not required and the committee has the responsibility for appointment of our independent registered public accounting firm. Even if the stockholders ratify the appointment, the committee, in its discretion, may direct the appointment of a different independent firm at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

The Board strongly endorses the ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm to conduct the audit of our financial statements for the year ending December 31, 2024, and recommends that the stockholders vote in favor of the following resolution:

“RESOLVED, that the stockholders approve ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm to conduct the audit of our financial statements for the year ending December 31, 2024.”

Properly executed but unmarked proxies will be voted FOR approval of the ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm for the year ending December 31, 2024. The Board of Directors believes that ratifying the appointment of Grant Thornton LLP is in the best interest of the Company. The approval of the ratification of Grant Thornton LLP will require the affirmative vote of holders of a majority of votes cast on this matter in person or by proxy. Accordingly, abstentions applicable to shares present at the meeting will not be included in the tabulation of votes cast on this matter.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF GRANT THORNTON LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2024.

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee is authorized to delegate to one or more of its members the authority to pre-approve any defined audit and permitted non-audit services to be provided by the independent auditors, and related fees and other terms of engagement on these matters, provided that each pre-approval decision is presented to the full Audit Committee at its next scheduled meeting. The Audit Committee approved all audit services provided by our independent registered public accounting firm during the years ended December 31, 2023 and 2022.

REPORT OF THE AUDIT COMMITTEE

The Board of Directors has appointed an Audit Committee, consisting of Messrs. Trier (Chairman), Harris and Kuntz, and Ms. Motsenbocker, all of whom are financially literate and independent (as that term is defined by the NYSE listing standards and SEC Rule 10A-3(b)). The Board of Directors has determined Ms. Motsenbocker and Messrs. Trier and Kuntz to be “audit committee financial experts” under the rules of the SEC.

Under the Sarbanes-Oxley Act, the Audit Committee is directly responsible for the selection, appointment, retention, compensation and oversight of the Company’s independent auditors, including the pre-approval of both audit and non-audit services (including fees and other terms) and the resolution of any disagreements that may arise between management and the auditors regarding financial reporting, accounting, internal controls, auditing or other matters.

In carrying out its responsibilities, the Audit Committee: (i) makes such inquiries and reviews as are necessary to monitor the Company’s financial reporting, its external and internal audits and its processes for compliance with laws and regulations that govern financial reporting, (ii) monitors the adequacy and effectiveness of the accounting and financial controls of the Company and elicits recommendations for the improvement of internal control processes and systems, (iii) reviews the planning, scope and results of the annual audit of the Company’s financial statements conducted by the Company’s independent auditors and work performed during the year by the Company’s internal auditors, (iv) reviews the scope and approves in advance any other services to be provided by the Company’s independent auditors, and (v) provides to the Board of Directors the results of its reviews and any recommendations derived therefrom, including such additional information and materials as it may deem necessary to make the Board aware of significant financial matters that may require Board attention.

The Audit Committee is authorized to engage independent counsel and other advisors it determines necessary to carry out its duties. The committee did not deem it necessary to engage independent counsel for any matters during 2023. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls and the preparation of financial statements in accordance with accounting principles generally accepted in the United States of America. The Company’s independent auditors are responsible for auditing the financial statements and expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States of America. The Audit Committee monitors and reviews these processes and reviews the Company’s periodic reports and quarterly earnings releases before they are filed with the SEC, but it is not responsible for the preparation of the Company’s financial statements and reports.

In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the audited financial statements included in the Company’s Annual Report on Form 10-K with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. The committee also met with the Company’s Chief Executive Officer and Chief Financial Officer to discuss their review of the Company’s disclosure controls and procedures and internal control over financial reporting in connection with the filing of Annual Reports on Form 10-K and other periodic reports with the SEC. However, members of the Audit Committee are not employees of the Company and have relied, without independent verification, on management’s representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States of America and on the representations of the independent auditors included in their report on the Company’s financial statements.

Prior to commencement of audit work, the Audit Committee reviewed and discussed with representatives of Grant Thornton LLP, the Company’s independent auditors for 2023, the overall scope and plans for their audit of the Company’s financial statements for 2023. The committee also reviewed and discussed with representatives of Grant Thornton LLP, who are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States of America, their judgments as to the quality, not just the acceptability, of the Company’s financial statements, any changes in accounting policies, sensitive accounting estimates, accounting principles and such other matters as are required to be discussed with the Audit Committee under auditing standards generally accepted in the United States of America, including the matters required to be discussed by the statement on Auditing Standards No. 1301. The Audit Committee met with Grant Thornton LLP, with and without Company management present, to discuss whether any significant matters regarding internal control over financial reporting had come to the auditors’ attention during the conduct of the 2023 audit, and the overall quality of the Company’s financial reporting.

The Audit Committee has received the written disclosures and the letter from Grant Thornton LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditors' communications with the Audit Committee concerning independence and the Audit Committee has discussed with Grant Thornton LLP their independence. The Audit Committee considered, among other things, whether the services Grant Thornton LLP provided to the Company were compatible with maintaining Grant Thornton LLP's independence. The Audit Committee also considered the amount of fees Grant Thornton LLP received for audit and non-audit services.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2023 for filing with the SEC.

The Audit Committee is governed by a written charter, adopted by the Board of Directors of the Company, which is included on our website at www.usph.com.

Respectfully submitted,

The Audit Committee
Clayton K. Trier, Chairman
Dr. Bernard A. Harris
Edward L. Kuntz
Anne B. Motsenbocker
